

Gift of Appreciated Stock

If you are considering a charitable contribution this year, it is in your best interest to seek out the most effective manner in which your money can work for you. Gifting appreciated stock is one of the most effective means of tax savings available — courtesy of today's U.S. tax laws.

THE BENEFITS OF GIFTING APPRECIATED STOCK

1. The satisfaction of knowing your money is invested in a cause important to you.
2. Capital gains taxes on the stock are avoided.
3. You will be eligible to receive an income tax charitable deduction for the full fair market value of the stock at the time of the gift.

To qualify for these special tax advantages, the security must have been held for at least one year. A gift of stock in certificate form should be postmarked by December 31 or your Financial Advisor can arrange for a year-end gift of stock from your account.

Your gift of appreciated stock is fully deductible up to 30% of your adjusted gross income. For example, if your adjusted gross income is \$100,000, up to \$30,000 of long-term appreciated stock and other capital gain property may generally be deducted. Any excess can generally be carried forward and deducted over as many as five subsequent years.
